GOLF CLUB

SAFE PLAY AT MINTHIS

We are wholeheartedly looking forward to welcoming you to the new Minthis Golf Experience from 1st March 2021, with 18 brand new greens built to full USGA specification.

Since the opening of the golf club in 1994, we have been thriving to provide uplifting customer service while our priority has always been the health, safety and wellbeing of our members, guests, homeowners, partners and staff.

Addressing the most recent challenges during these unprecedented times, additional measurements have been implemented to ensure SAFE PLAY at Minthis. We would like to assure you that our trained staff are following all of the recommended protocols and providing any extra care that is needed – please help us by playing your part.

IMPORTANT

Guests must NOT attend any facilities at Minthis if they have been diagnosed positive or have been in contact with someone affected with COVID-19 in the last 14 days, or if they are under a period of quarantine, or if they have any symptoms, such as a cough, fever, breathing difficulties, sudden loss of smell or taste, general weakness and / or muscle pain or sore throat (either yourself, family or persons you share your household with)

Minthis Golf Club, Academy and Clubhouse are at all times adhering to the regulations stipulated by the Cyprus government and following the guidelines set by the Ministry of Health. This document is for information purpose only and is subject to revision according to the relevant government decrees and federation guidelines.

GENERAL COVID-19 SAFETY MEASURES

-  Mandatory use of face masks for all staff and guests indoors and outdoors (excl. during exercise)
-  Hand sanitizer stations available throughout all facilities
-  Temperature checks for all guests and staff members
-  Social distancing required in all areas
-  Signage indicating the reduced maximum capacity of persons permitted in any guest and staff indoor areas as well as at the practice facilities
-  Frequent hand-washing
-  No physical contact
-  Regular testing for all staff members
-  Updated emergency procedure incl. amended CPR instructions

HYGIENE

-  Internal protocols and comprehensive staff training on COVID-19 safety, including observance of all individual protection and precautionary measures
-  Use of certified disinfection products in all public and back-of-the-house areas
-  Regular disinfection of high-touch surfaces in all public and back-of-the-house areas, such as door knobs, elevator buttons, handrails, reception and bar counters etc.
-  Increased cleaning frequency in all areas
-  Frequent ventilation of all closed areas
-  Single use paper towels in all public and staff bathrooms
