AUGUSTINUS BADER

EVERYTHING YOUR BODY NEEDS, IT ALREADY KNOWS !

No need for myths or miracles, every single one of us is made up of trillions of cells working in unison, orchestrated by a genetic code driving every instinct, thought, feeling and the incredible, innate capacity to heal. From skincare to clinical practice to biotech research, all Augustinus Bader advances are grounded in a belief that the body is its own best therapist. For every giant leap in technology, the human body remains our most remarkable machine. This belief has led Professor Augustinus Bader, one of the foremost scientists of his generation, to unlock the body’s healing code.

THE METHOD FACE THERAPY

The Method Face by Augustinus Bader is a one-of-a-kind, highly sophisticated skincare treatment. It was created to boost cell communication to support the body’s innate biological wisdom to self-heal and regenerate. The method supports cell activity, which is responsible for balanced hydration, firmness, equal pigmentation, and protection of the skin, to fight against intrinsic and extrinsic aggressors. It refines the surface by boosting the exfoliation metabolism and sealing the skin to prevent TEWL (Trans epidermal Water Loss). The combination of science-based formulas, cutting-edge technology and state-of-the-art massage techniques send an external trigger to the fascia, namely the tissue; this is where all the cell communication processes take place. This synergy delivers highly targeted individual stimulation, triggering a sequence of highly individualized regenerative processes. Augustinus Bader products could be thought of as a toolbox that the skin yields the most benefits from. These creations resolve all skin-related problems effectively, taking the optimal amount of time to attain the most suitable solution for individual skin needs. The 90 min facial includes head and scalp massage with the Augustinus Bader scalp treatment and an O2 derm oxygen and anion infusion .

YOUR SPA EXPERIENCE

- Please arrive in good time to enjoy the facilities and ensure that you are ready to be escorted by your therapist at the allocated time. Late arrival will result in a shortened or amended treatment being offered without refund.
- Underwear or suitable swimwear should be worn in the treatment room and during treatments. For some treatments your therapist will provide disposable undergarments, and suitable towel draping will be always used.
- During treatments, please let your therapist know if you are uncomfortable, too warm, or too cold, or if her pressure is too light or too firm. Your comfort and care are our greatest concern and priority.
- If you have a particular injury or physical condition, please advise your therapist. Appropriate adjustments to the treatment will be made for your comfort and enhanced benefit.
- There is no pressure to talk during a treatment. If you have any questions or would like to talk, feel free to do so.
- If you prefer silence, that is entirely up to you. Our therapists will take their cue from you.

We sincerely hope you enjoy your MINTHIS Spa experience. Your feedback is always welcome.
